Public Comments:

Bill Miners: Last week my wife and I took a trip into Delaware to look into a development. The builder is only building 17 units or so. The work he has done is beautiful. At some point in time, I would like for all of us to go over and check it out. I'll do my best to obtain a seven passenger van so we can do a field trip. Buildings are close to \$400,000. It's well laid out. The Development is Phillips Mill. The developer has agreed to meet us and take us around to show us his concept. He has little interest at this time doing anything outside his area. The place looks really great and is what we need up on the hill. We would be delighted to have something like it proposed. It would increase the value of the existing homes almost over-night.

Sharon Weygand: Reminding everyone of the Public Hearing on July 20th here, at 6:30pm.

Motion: Frank Vari made a motion, seconded by Lee Adams to adjourn the meeting at 7:29pm. All in favor, motion carried.

Respectfully submitted,
