File No. 06062017 Recommendation for BOA 208 Bank Street

Trash receptacle over at Schaefer's that's surrounding the compactor. Requesting a 9' fence – it will be an improvement over emptying the dumpsters.

Note: Copy of these minutes will be in the Board of Appeals packet.

Additional Public Comment

Rebecca Mann distributed information from the County website, permits are required for sheds, regardless of the size. Feels we should be following the county ordinance.

Flood Plain Regulations – discussed with Lee & Sandra – concerned the Town not following the regulations. Electric has to be elevated and flood vents in the kiosk (accessory buildings) for the Ferry. Accessory building – It needs anchoring, flood vents, electrical, etc. You have to watch very carefully. Does not want the Town to be penalized

MOTION: Elaine Shepard made a motion, seconded by Harry Sampson to adjourn the meeting 6:59pm. All in favor, motion carried.
